

EDUCATION PRACTICE

All-in-One Risk Management and Insurance Solutions for Catholic Colleges and Universities

Today's higher education institutions face a variety of challenges, including:

- Decreased enrollment and associated pressure on revenue
- Settlement and defense costs related to lawsuits
- Providing students with easily accessible care for their behavioral health needs
- Growing cybersecurity threats

Our passionate Education specialists partner with you to identify hazards that can lead to claims so you can take proactive steps to protect your school, employees, students, and bottom line.

We currently serve more than 20 Catholic colleges and universities, giving us insights to help you navigate your unique risk management and insurance needs.

Focus Areas

- Enterprise Risk Management (ERM) planning for all your departments to assess risk and strategize solutions
- Student Health & Wellness to ensure students have access to medical and mental health care so they can thrive
- Property, Casualty, and Liability to mitigate risks related to your buildings, grounds, university vehicles and equipment, intellectual property, data, research activities, sports events, and more
- Employee Benefits to attract and retain top talent

LARGEST STUDENT HEALTH PRACTICE IN THE NATION

Capabilities

Risk engineers, actuaries, and risk advisors help:

- Review your contracts for coverage gaps and cost-control opportunities
- Benchmark against peer institutions to quantify risk and competitiveness
- Perform detailed claim analysis to identify opportunities for improving safety and claim management strategies
- Develop and deploy loss control solutions

Our deeply rooted relationships with insurance carriers enable us to tailor comprehensive, cost-effective programs for your specific requirements. We work closely with you to prepare for emerging risks, providing the support and protection you need with an eye toward affordability.
