Risk Management and Insurance Solutions for Art and Design Colleges

Capabilities

Today's institutions of higher education face a variety of challenges, including:

- Decreased enrollment and associated pressure on revenue
- Providing students with easily accessible care for their behavioral health needs
- Growing cybersecurity threats

Focus Areas

- Student Health & Wellness to ensure students have access to medical and mental health care so they can thrive
- Artworks are meaningful assets for everyone from artists to collectors, foundations, historians, and museums to the general public. That's why the Risk Strategies Fine Art Practice is dedicated to helping you minimize your exposures to loss by offering creative insurance and financing solutions
- Enterprise Risk Management (ERM) addressing insurable and uninsurable risks using loss prevention, opportunity recognition, prevention, reduction, and intentional risk acceptance
- Property and casualty insurance solutions to minimize the adverse financial impact of loss to physical assets and arising from your operations
- Employee Benefits to attract and retain top talent

Our consultants and risk advisors help:

- Review your contracts/benefits for coverage gaps and cost-management opportunities
- Benchmark against peer institutions to quantify cost and competitiveness
- Perform detailed claim analysis to identify opportunities for improving safety and claim management strategies
- Develop and deploy loss control solutions

Our deeply rooted relationships with insurance carriers enable us to negotiate rates and terms to tailor programs for your specific requirements. We work closely with you to prepare for emerging challenges and risks with an eye toward affordability.
