

Not just student focused.
We are international
student focused.

For over 30 years, Academic HealthPlans (AHP), a Risk Strategies Company, has worked directly with colleges and universities to offer student health insurance products and services that are (almost) as diverse as your student population.

Benefits built with your students in mind

- ACA and non-ACA plan design options
- Partnerships with 10 international student health insurance carriers
- Coverage for J1 visa holders and Optional Practical Training (OPT) students

Protection from the unexpected

Your students will have access to our global emergency services program including benefits for:

- Emergency medical evacuation and repatriation
- Accidental death and dismemberment
- Emergency family assistance service
- Medical, travel, safety, and legal assistance

Best-in-class administration

- Advanced and secure enrollment and waiver technology
- Designed to simplify the user experience for student and administrators
- Focus on innovation and continual enhancements to our platform
- Automation of manual processes – alleviating much of the manual burden

Service from a team you can trust

- Trusted guidance to support in analyzing and selecting plan for your students
- CARE philosophy means we will always be there when you need us
- Concierge-level support from your dedicated account team
- Superior customer service – proven with a 95% retention rate

We speak their language

- Customer Care line offers students 24/7 access in over 240 languages
- Robust information on our dedicated school websites
- Online chat and email support
- Self-service tools through our help portal

We focus on education and preparation

- 12-month marketing and communication plan
- Custom digital and printed materials
- Tailored our student communications to educate international students
- Multi-language materials available
