Emergency Services**

Academic HealthPlans has your students covered while studying or traveling away from home.

To ensure students have immediate access to assistance if they experience a travel related crisis, Academic HealthPlans, a Risk Strategies Company has included Academic Emergency Services (AES) in your Student Health Insurance Plan coverage. AES offers a wide range of services and benefits to provide everything they need to prepare for their international experience, as well as get the help or information they need in a crisis.

Academic Emergency Services provide solutions to small challenges.

Finding an adequate doctor in an unfamiliar location, getting a prescription filled when away from home, finding an interpreter quickly when they need to share or receive information, help in locating lost luggage or replacing a passport.

As well as during a critical crisis.

Ensuring adequate care is available locally if they need medical care or are hospitalized, and if it isn't, getting students emergency medical transportation to an adequate facility, their home, or hospital nearest to their home, when medically advisable.

There are also services and benefits to help you and your family with expenses that you may not consider until faced with an emergency.

Getting a family or friend to students if they are hospitalized or getting them home in the event of an illness or death in the family, return of remains to their family in the unfortunate event of death.

Preparing students for their time away from home is easy.
