

**Not just student
focused.**

**We are international
student focused.**

For over 30 years, we have worked directly with colleges and universities to offer student health insurance products and services that are (almost) as diverse as your student population.

Round the Clock Access

- ACA and non-ACA plan design options
- Coverage for J1 visa holders and Optional Practical Training (OPT) students
- 140+ languages & TDD/TTY capabilities

Best-in-class administration

- CARE philosophy means we will always be there when you need us
- Concierge-level support from your dedicated account team
- Superior customer service – proven with a 95% retention rate

A team you can trust

- Emergency medical evacuation and repatriation
- Accidental death and dismemberment
- Emergency family assistance service

Protection when you need it

- Advanced and secure enrollment and waiver technology
- Designed to simplify the user experience for student and administrators
- Automation of manual processes – alleviating much of the manual burden

We focus on education

- 12-month marketing and communication plan
- Custom digital and printed materials
- Tailored our student communications to educate international students

We speak their language

- Customer Care line offers students 24/7 access in over 240 languages
- Online chat and email support
- Self-service tools through our help portal
